

ElderPlan 2024

Elderplan 2024 Certification Pins were released to all of your Ready to Sell Agents (Existing Agents as per the AGA Ready to Sell report). For agents who are **not** currently appointed with Elderplan **they cannot use the pin sent out for existing agents.**

For Existing brokers only, Miramar Registration Pin is: **EPAGA24Existing**

For those agents who are **not** currently appointed with Elderplan but would like to be, have them follow these instructions:

Log into your Miramar account. Link: <https://miramar-agent.com/>

For New brokers only, use Registration Pin: **EPAGA24New**

If you do not have an existing agent Miramar profile, you will need to create one. Once you log in, you will need to click **“Register New”** on the top of your dashboard. You will then enter the appropriate registration Pin highlighted above, and click **“Start”** on the next page to begin the training (screenshot below). If your page is not loading properly, try clearing your cookies or using a different browser (i.e.: If you are using Google Chrome, try switching to Internet Explorer/Microsoft Edge – or vice versa).

Important things to note:

- Ensure all of your Agent Profile details on Miramar are up to date to avoid any discrepancies (current address, phone number, etc.)
- 2024 certifications should be completed prior to AEP in order to be Ready To Sell for the following year. If your certification is not completed by 3/31/2024, your Elderplan appointment will be terminated, and you will be ineligible to receive commissions or residuals.
- If you recently completed our 2023 training, you still have to complete the 2024 certification.
- For technical support within in Miramar (unable to log in, certification not loading, etc.), please call (855) 828-8015 or submit a ticket to <https://convey.na2.teamsupport.com/createticket>

You can also contact Epsales@mjhs.org with any pin-related questions.
